## Health Professions and Nursing

### Important Acknowledgement of Vaccination Requirements by Health Care Facilities/Clinical Sites

**In order to meet course and program outcomes and receive the Associate of Science Degree in Nursing or the Intermediate Technical Certificate for Practical Nursing and to qualify to take the national licensure examination (NCLEX-RN®), all nursing students are required to participate in clinical activities.**

The North Idaho College Nursing Program utilizes health care facilities throughout the region to achieve the clinical component of the Program. Some, if not all, of the Health Care Facilities providing clinical sites currently (or may in the future) require evidence of vaccinations including the COVID-19 vaccination in order to participate in clinical experiences at their facilities. Below is a list of all vaccinations currently required at various facilities.

Any student enrolling in a Nursing Program (RN or PN) is informed that the College has no duty and/or obligation to secure a Health Care Facility/Clinical Site that does not require COVID-19 or any other vaccinations as part of the clinical component of the Program. North Idaho College may inquire, on behalf of Students, potential exemptions that Health Care Facilities/Clinical Sites may accept for purposes of Student's election not to obtain a vaccine, including any religious or medical exemption that may be available. All admitted students must recognize and agree that acceptance of such exemption is left to the sole and absolute discretion of the Health Care Facility/Clinical Site and not the college.

Current Vaccination Requirements: (may be altered by healthcare facilities at any time)

- Measles, Mumps, Rubella (MMR)
- Varicella (Chicken pox)
- Hepatitis B
- Annual influenza
- Tetanus/Diphtheria/Pertussis
- COVID-19

If a student does not wish to become vaccinated then NIC may not be able to find placement in an internal or external clinical site.

## Frequently Asked Application Questions (FAQs)

**Q:** When and how will I know if I got into the program?

**A:** *Applicants will be notified of acceptance or denial to program approximately three months after application deadline occurs. Applicants will be notified via standard mail. It is vital that any changes to your address be reported directly to the nursing advisor so corrections can be made prior to decisions being mailed. Please notify the nursing advisor via phone or email @ (208)769-3373 or [wendy.mcintosh@nic.edu](mailto:wendy.mcintosh@nic.edu).*

**Q:** After decisions are mailed, will there be an orientation?

**A:** *Within the final acceptance letters, there will be details regarding the mandatory orientation. Accepted and alternate students must appear in person at the Coeur d'Alene campus on the scheduled date and time in order to retain their accepted or alternate status.*

**Q:** Do I get points for the requirements I'm working on now?

**A:** *Courses in progress at the application deadline are not eligible for bonus points nor are they factored into cumulative GPA on program requirements.*

**Q:** Do I get points if I'm in the military or a veteran?

**A:** *Military service is not eligible for additional points; however, In the event there are applicants with an equal number of points, and the number of applicants (who are tied) outnumber the remaining open positions in the program, the following system will be used to determine who is selected:*

- *Applicants with an equal number of points (tied) who have provided appropriate documentation of military service will be put at the top of their point category. If there continues to be a tie, then:*
- *Cumulative GPA on completed program requirements will be used to rank the remaining tied applicants. If there still continues to be a tie, then:*
- *A random drawing of all the remaining tied applicants will be held for the final position(s)*

**Q:** I sent in documents before I submitted my signed Nursing application page. Am I good?

**A:** *Application materials submitted prior to the signed Nursing application page will be invalid. You must submit the signed Nursing application page prior to or along with additional application materials. Submitting any nursing application materials prior to the signed Nursing application page will result in an ineligible or incomplete application status.*

**Q:** I applied to the Nursing program on my NIC application but my degree is something different. How do I get this corrected?

**A:** *Students are not assigned the specific Nursing degree until after they have been accepted to the program.*

**Q:** May I apply to the program more than once?

**A:** *Applicants who have been **accepted** to a nursing program at North Idaho College on two different occurrences are no longer eligible for consideration for admission. Applicants are permitted two separate attempts at success in the North Idaho College nursing programs. This policy applies to acceptance for the Licensed Practical Nursing program and the Associate Degree Nursing program. **There are no restrictions as to the number of times an applicant may apply prior to acceptance into one of the North Idaho College Nursing programs.***

**Q:** How is GPA calculated when more than one course may meet degree requirements?

**A:** *If applicants have more than one course that will meet a degree requirement (i.e. three GEM 5 courses or two GEM 3 courses), the course(s) meeting the requirement(s) with the highest grade will be used in GPA calculation.*

**Q:** Do I need to submit official NIC transcripts?

**A:** *No, applicants do not need to submit official NIC transcripts. However, it is highly recommended that applicants with transfer credits view their transcript evaluations **before** the application deadline to assure that they have courses which meet the prerequisite admission requirements for the Associate Degree Nursing program at North Idaho College. The transcript evaluation may be viewed on the applicant's MyNIC account. Once logged into your MyNIC account, at the top of the screen in the **Search** box type '**Transcript Credits**' and find the search result for **Transfer Summary**.*

**Q:** I studied abroad and have some credits or have a degree from a non-US college or university. Can I submit my transcript from that institution by the nursing deadline? If my foreign credits are listed on another US college or university transcript, can I submit that US college transcript to meet the requirement?

**A:** *No, we cannot accept foreign transcripts in those manners. All non-US college transcripts must be evaluated by a professional international transcript service such as WES.org, at the student's expense. That organization will then provide the evaluated transcript on behalf of the student to NIC. Such evaluated transcripts must be received by the nursing application deadline. Just like US transfer credits, we cannot accept foreign transfer credits listed on another school's transcript. Please refer to [Admissions International Students \(nic.edu\)](#) for additional information.*

**Q:** What is the minimum eligible grade for each prerequisite and general education requirement for the Associate Degree Nursing program?

**A:** *A minimum grade of C/2.0 must be earned in each required prerequisite and general education requirement for the Associate Degree Nursing program. Please refer to page 11 for cumulative GPA requirement and list of prerequisite and general education courses.*

**Q:** Is the NIC Associate Degree Nursing program requiring the COVID-19 vaccine?

**A:** *The NIC Associate Degree Nursing program relies on clinical partners to meet student learning outcomes, some of which have enacted policies regarding mandatory vaccinations for COVID-19. Decisions regarding requirements for various vaccinations are outside NIC's control and are at the sole discretions of each individual facility.*
