Performance Measures

- I. NIC will utilize the Postsecondary Data Partnership (PDP) Dashboards

Benchmark: By 2024

Note: This target has been achieved; measure is currently under review.

Goal 5, Objective C: Explore, adopt, and promote initiatives that help sustain the environment.

Performance Measures

- II. Energy consumption per gross square foot as determined by gas/electric costs. *Source: NIC Trends. [CCM 192]*

					Benchmark	
FY 2019	FY 2020	FY 2021	FY 2022	FY2023	FY 2024	FY 2028
\$0.94 per gross square foot \$684,137/ 727,863 sq ft	\$0.86 per gross square foot \$653,996/ 756,863 sq ft	\$0.90 per gross square foot \$683,073/ 756,863 sq ft	\$0.95 per gross square foot \$722,741/ 756,863 sq ft	Available July 2023	\$0.90 per gross square foot	\$0.90 per gross square foot

Benchmark: \$0.90 per gross square foot³⁵ (by 2028)

KEY EXTERNAL FACTORS

- North Idaho College is currently under a show cause sanction imposed by the Northwest Commission on Colleges and Universities
- Changes in the economic environment, including the COVID-19 pandemic
- Changes in local, state, or federal funding levels
- Changes in local, state, or national educational priorities
- Changes in education market (competitive environment)

EVALUATION PROCESS

- Details of implementation
 - The Executive Accreditation and Planning Team leads the President’s Cabinet in an annual review and revision of the strategic plan. The strategic plan is organized to align with North Idaho College’s core values. Together, the core values and the strategic plan guide NIC to mission fulfillment.
- Status of goals and objectives
 - North Idaho College’s goals for the strategic plan are also the college’s core values. The objectives to meet the goals are reviewed with the data collected to determine if benchmarks have been met. The review process often leads to the following questions:
 - Is the data we are collecting providing information related to goal attainment?
 - Is additional data needed to better understand goal attainment?
 - Do the objectives need revision to reach goal attainment?
 - There were no substantial changes made to the goals and objectives in the past academic year.

Footnotes

¹ Benchmark is set based on IPEDS data from comparator institutions combined with current institutional challenges the desired level of achievement. Numbers for those comparator institutions range between 59% and 63% (based on median of comparator group institutions, 2011-12 through 2013-14, latest available). Cohort includes first-time degree/certificate-seeking and new transfer degree/certificate-seeking students for the fiscal year. Includes students who received a degree/certificate, transferred, or are still enrolled after eight years. [CCM 257]

² Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. National Student Clearinghouse results were used to calculate these numbers. Numbers are as of 02/27/2023. Data refreshes nightly so prior year trends may have changed slightly. Students who graduate during a fall or winter term may not be fully represented. [CCM 227]

³ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. National Student Clearinghouse results were used to calculate these numbers. Numbers are as of 02/27/2023. Data refreshes nightly so prior year trends may have changed slightly. Other Institutions excludes NIC. Students who graduate during a fall or winter term may not be fully represented. [CCM 228]

⁴ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Total awards by award level. Historical data has been revised to reflect current IPEDS definitions which reflect a change in methodology, effective October 2020. Data prior to FY21 may not reflect what was previously reported to IPEDS. [CCM 238]

⁵ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Counts are unduplicated by award level. Historical data has been revised to reflect current IPEDS definitions which reflect a change in methodology, effective October 2020. Data prior to FY21 may not reflect what was previously reported to IPEDS. [CCM 239]

⁶ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. This measure is currently under review due in part to methodology differences that exist between data collection processes. Positive placement includes employed and/or employed related to training. Percentages are calculated on respondents only. [CCM 177]

⁷ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. This measure represents the number of students (duplicated headcount) who completed non-remedial courses with a C or better (or P or S). Denominator is the duplicated count of students enrolled in non-remedial courses at the end of term. Does not include labs, incompletes, or audits. [CCM 108]

⁸ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 155]

⁹ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Benchmark calculations exclude the outlier year. Anticipate FYE program to increase retention. This cohort represents a small percentage of NIC's total credit student population. FY22 numbers are pre-IPEDS submission. [CCM 025]

¹⁰ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Benchmark calculations exclude the outlier year. Anticipate FYE program to increase retention. This cohort represents a small percentage of NIC's total credit student population. FY22 numbers are pre-IPEDS submission. [CCM 026]

¹¹ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Based on a cohort of students that excludes non-degree/certificate-seeking, Dual Credit, and 100% audits. Includes registered credits and credits awarded through placement tests, Summer/Fall/Spring. Refreshed nightly so numbers may change slightly, i.e., incomplete grade changes. Impacted by COVID. Aspire to get back to pre-COVID levels in 2023 and 2027 will improve due to FYE program. [CCM 195]

¹² Benchmark is set based on IPEDS data from comparator institutions combined with current institutional challenges and the desired level of achievement. [CCM 196]

¹³ Benchmark is set based on IPEDS data from comparator combined with current institutional challenges and the desired level of achievement. FY22 numbers (Fall 2020 cohort) are pre-IPEDS submission and should be considered preliminary at this point. [CCM 199]

¹⁴ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Benchmark factors in decrease in enrollment and increase in population. Service Area population numbers are based on latest United States Census Bureau estimates (2021). [CCM 037]

¹⁵ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. FY22 enrollment decline due to fewer Community Education courses now being offered. Benchmark factors in decrease in enrollment and increase in population. Service Area population numbers are based on latest United States Census Bureau estimates (2021). [CCM 038]

¹⁶ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 203/204]

¹⁷ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Full year cohort, first-time degree/certificate-seeking, full- and part-time (IPEDS). Gateway courses include MATH 123, 130, 143, 147, 157, 160, 170, and 253. [CCM 198]

¹⁸ Benchmark is set based on the standardized mean of benchmark scores. Data points represent benchmark scores for the CCSSE Benchmark: Student-Faculty Interaction. Benchmarks are groups of conceptually related survey items that address key areas of student engagement. Benchmark scores are standardized to have a mean of 50 and a standard deviation of 25 across all respondents. Top Schools are those that scored in the top 10 percent of the cohort by benchmark. CCSSE is a survey administered to community college students across the nation. [CCM 162]

¹⁹ Benchmark is set based on the standardized mean of benchmark scores. Data points represent benchmark scores for the CCSSE Benchmark: Support for Learners. Benchmarks are groups of conceptually related survey items that address key areas of student engagement. Benchmark scores are standardized to have a mean of 50 and a standard deviation of 25 across all respondents. Top Schools are those that scored in the top 10 percent of the cohort by benchmark. CCSSE is a survey administered to community college students across the nation. [CCM 165]

²⁰ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Each action for the goals is rated on a scale of 1 to 3: 3 = Action Met, 2 = Consistently Progressing, or 1 = Not Attempted. N/A = future timeline for the goal. The mean score of all actions is calculated and the percentage is used to evaluate this measure. The goals are evaluated annually. [CCM 114]

²¹ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Counts include all active employees. [CCM 029]

²² Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Reflects the total of the Faculty PIP, Staff PIP, and Professional Development Fund and all expenses in the staff development line item for the general fund departments. Does not include tuition waivers for NIC courses taken by NIC employees. FY20 and FY21 substantially lower than prior years due to COVID-related travel restrictions. [CCM 115]

²³ FY22 cohort of students is smaller due to a decrease in number of Community Education classes offered. Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 054]

²⁴ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Percentages shown reflect the average pass rate of all programs. Programs may vary year to year. FY22 includes Dental Hygiene, Medical Lab Technology, Physical Therapy Assistant, Practical Nursing, Registered Nursing, and Surgical Technology. In the evaluation of NIC's strategic plan, there is an additional benchmark that is considered aspirational and is extra-ordinary compared with similar institutions (peer groups). This component acknowledges that NIC has achieved a level of excellence on a particular measure and has little room for improvement, but should be encouraged to sustain this high level over time. Performance in the top third of the relevant comparator group is the threshold for sustained excellence for most measures. However, for any measure involving the performance of students on professional and occupational licensure tests, sustained excellence is considered to have been met with a passage rate of 90 percent or above. [CCM 091]

²⁵ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 020]

²⁶ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 019]

²⁷ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 017]

²⁸ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Data reflects the number of Distance Learning student credit hours out of number of both distance and non-distance student credit hours, end-of-term. Includes courses and programs in which ALL instructional portions can be completed remotely. Non-instructional, in-person requirements (e.g., orientation and testing) does not exclude a course or program from being classified as exclusively distance learning. This includes credit distance learning courses that are web-based, computer mediated, asynchronously AND synchronously via zoom, etc. in which the learner and learning resources can be generally separated by time and/or space. Does not include hybrid or other courses that require a portion to be done in person. [CCM 258]

²⁹ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Latest NIC Service Region comparison = 89% White, 9.2% Other, and 1.8% Unknown. (Source: U.S. Census Bureau Quick Facts, July 2021). [CCM 105]

³⁰ Benchmark is based on national comparators combined with the desired level of achievement. Represents the percentage of students who answered "quite a bit" or "very much" to one individual survey question. The Community College Survey of Student Engagement (CCSSE) is a survey administered to community college students across the nation. [CCM 106]

³¹ Proficiency outcomes were defined in the spring of 2021. GEM = General Education Requirements. GEM 5 = Humanistic & Artistic Ways of Knowing; GEM 6 = Social & Behavioral Ways of Knowing. Note: NIC started collecting proficiency outcome for all GEM courses in FY19. During the first year a limited number of courses were assessed. The college expects an increase in the number of courses assessed to increase as more faculty participate in the process. Consequently, the college is predicting a decrease in the percentage of students who meet the proficiency outcomes. Percentages represent the weighted average of GEM 5 and GEM 6. [CCM 174]

³² Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. FY21 decline due in part to CARES federal funding received. [CCM 172]

³³ Benchmark is set based on IPEDS data from comparator institutions combined with the desired level of achievement. Higher percentile scores represent lower costs. For example, data indicates that NIC is less expensive than 73% of the institutions in its peer comparison group. Benchmark/target is to reach 75%. [CCM 130]

³⁴ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. Auxiliary Services Operating Units include: Bookstore, Dining Services, Residence Hall, Student Union Operations, Financial Services, and the Student Wellness & Recreation Center. These Operating Units provide students and the North Idaho College campuses services that are not covered by tuition dollars and/or state fees. Cardinal Card Office, Parking Services, and Conference & Events were transferred to Campus Service Units in FY19 and FY20 and are not reported in this summary. Enrollment decline resulted in lower student fee generation, the primary source of funding for Student Union Operations and the Student Wellness & Recreation Center. FY22 Revenues from Sales and Operational Expenses are markedly lower than FY21 due the accounting treatment caused by a return to a Profit & Loss agreement with North Idaho College's food service provider, Sodexo America LLC., in addition to CARES funding received in FY21. Debt-service for the Residence Hall was retired in FY22. Remaining debt-service attaches to the Student Wellness & Recreation Center (interest only through FY22). Stewardship is displayed by leveraging resources to contribute to the economic viability of North Idaho College. [CCM 170]

³⁵ Benchmark is set based on an analysis of historical trends combined with current institutional challenges and the desired level of achievement. [CCM 192]
